VIDEO

www.VIMEO.com/636653143

TOOLS NEEDED

Installation can be completed with basic tools including a Hex Key set, box wrench set, drill bit set and a crimp tool with crimp connectors. The installation can be completed in your driveway in under one hour.

6MM HEX KEY

14MM WRENCH

7/16" DRILL BIT

CRIMP TOOL & BUTT CONNECTORS

OPTIONAL WIRING HARNESS:

The light bar is designed to work with the factory AUX switches if your vehicle is not equipped with the factory AUX switches you can add the optional wiring harness which includes a switch (SOLD SEPARATELY).

ORACLE PART #2088-504

PACKAGE CONTENTS:

Package include hardware for installing the blind rivets (Riv Nut) for mounting the light bar. The nutsetter tool is used to compress the threaded rivets. The Hex Key holds the nutsetter while the 14mm wrench turns the collar to compress the rivet. The included bolts mount into the compressed rivets.
