

LED THIRD BRAKE LIGHT

(2019-2023+ 1500, 2500, 3500)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Third Brake Light

TOOLS REQUIRED

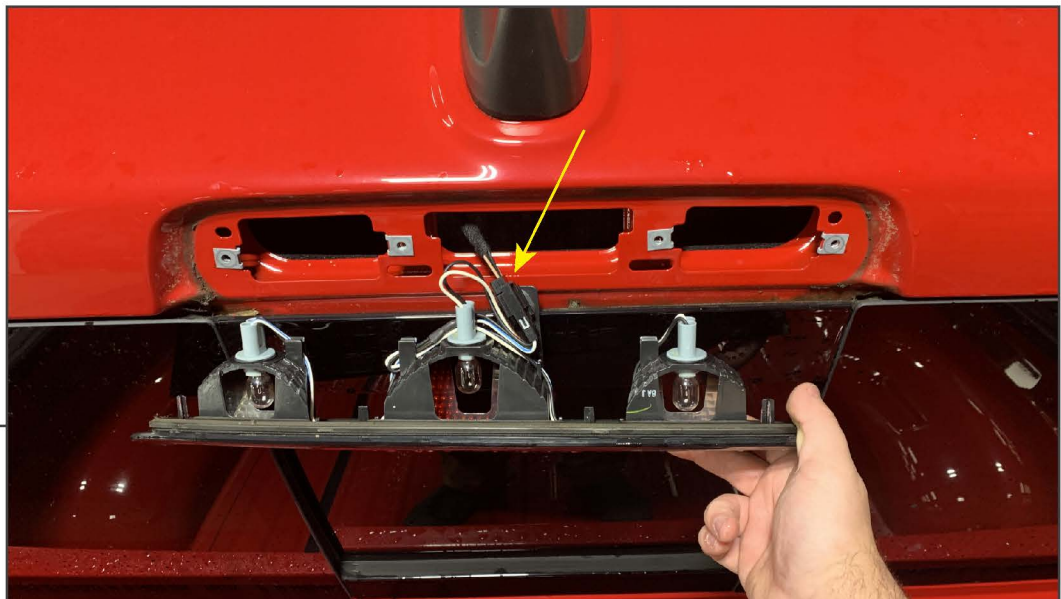

Phillips Screwdriver
Plastic Pry Tool

STEP 1

Remove (4) Phillips screws from the vehicle third brake light.

STEP 2

Use a plastic pry tool around the perimeter of the brake light to remove the brake light assembly. Unplug the third brake light harness from the vehicle harness. Set the original brake light aside.

STEP 3

Plug the third brake light into the vehicle harness. Fit the brake light into place, and secure into place using (2) original Phillips screws.

STEP 4
