

LED THIRD BRAKE LIGHT

(2002-2008 RAM 1500, 2003-2009 RAM 2500 & 3500)

INSTALLATION INSTRUCTIONS

CONTENTS

(1) Third Brake Light

TOOLS REQUIRED

Phillips Screwdriver Plastic Pry Tool

STEP 1

STEP 2

Remove (2) Phillips head screws from the third brake light assembly.

With the screws removed, remove the brake light from the vehicle using a plastic pry tool. Unplug the electrical connector from behind the brake light.

Plug in the brake light electrical connector into the vehicle's wiring harness. Toggle the switch to enable 5x strobe feature.

Reassemble the vehicle using the original hardware. Tighten until secure.

Installation is now complete.
