

■ Canbus Connection

This model come with the canbus box, the canbus will decode the steering wheel control. In this case,must check if the canbus is well connected, you can go to setting --- system info. If shown disconnect means the canbus is not connect well. Should double check the connection. Port C is for canbus box connector to the radio.

■ RCA

Amplifier

Important

- This is the reverse camera signal wire. It have the bluetooth and Wifi antenna on it.
So MUST CONNECT IT TO RADIO, to have better performance for BT and Carplay/AA.

- Wire Diagram

- ① Power/Speaker Cable/Reverse signal ② USB adapter ③ radio antenna adapter

Need to remove the Original AC control panel to new frame!
Need to remove the clips from old frame to new one!
