

Installation Guide

Armor Grille
For 2016-2018 GMC Sierra 1500

SKU # AMGMAA00101 & AMGMAA00102 & AMGMAA00103

STEP 1

Open the hood, use a trim removal tool to remove 12 push pins to remove radiator cover. Then take four 10-millimeter bolts at the top first.

STEP 2

Remove the seven millimeter screw on either side, pop the fender back, there will be another seven millimeter screw and remove it. Then push these plastic pieces apart underneath the car to remove the circled part. Remove 4 bolts to take the grille off.

STEP 3

Take the new grille out, align it to the car and press hard.

STEP 4

Remove bolts to take the passenger side headlight apart. Connect the red wire of the grille to the power wire of the headlight and the black wire to the black wire.

STEP 5

Follow the step 1 & 2 in reverse order to complete the grille installation.
