

Installation Guide

Armor Grille
For 2016-2018 GMC Sierra

SKU # AMGMAA00104 & AMGMAA001053 & AMGMAA00106

STEP 1

Open the hood, use a trim removal tool to remove 12 push pins to remove radiator cover. Then take four 10-millimeter bolts at the top first.

STEP 2

Remove the seven millimeter screw on either side, pop the fender back, there will be another seven millimeter screw and remove it. Then push these plastic pieces apart underneath the car to remove the circled part. Remove 4 bolts to take the grille off.

STEP 3

Take out the new grille, remove the emblem from the original grille and install it on the new grille. Then align the new grille to the car and press hard.

STEP 4

Follow the step 1 & 2 in reverse order to complete the grille installation.
