

# Installation Guide

Armor Grille  
For 2019-2021 GMC Sierra

SKU # AMGMAA00110 & AMGMAA00111 & AMGMAA00112

**STEP 1**

Pop the hood, remove the 2 Torx screws that are holding the hood latch to remove the hood latch handle. Then remove 10 plastic rivets to get the top shield out of the vehicle. Then remove the four 10 millimeters.

**STEP 2**

Remove the 2 more Torx screws in the inside of the fender. Then grab the fender flare on the bottom and pull it outward to remove this bolt. Next remove the 2 screws inside. Repeat the process on the other side.

**STEP 3**

Press it apart and pull it down a little bit to unplug the fog light kit and separate the harness. Do the same on the other side. Grab this to pull apart from the car and pull the harness out. Then remove the 3 bolts to take the grille out of the vehicle.

**STEP 4**

Remove the GMC emblem from the original grille and install it onto the new grille.

**STEP 5**

Follow the step 1-3 in reverse order to reinstall the new grille to the vehicle to complete the installation.
