(#98038)

Well Nut x2
(#98039)

Bump On x4
(#98024)

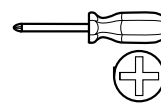

Tools Required

Car Wash Supplies

Clean Towel

Phillips Head Screwdriver

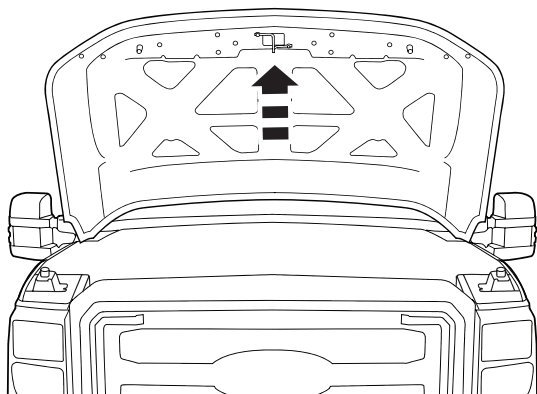

Preparation Before Painting / Installation

- A trial fit is recommended to ensure proper positioning and fit.
- Check fit of parts before painting as we will not accept the return of modified or painted parts.
- Wash and dry your vehicle to remove any debris and/or dirt from the installation area.

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

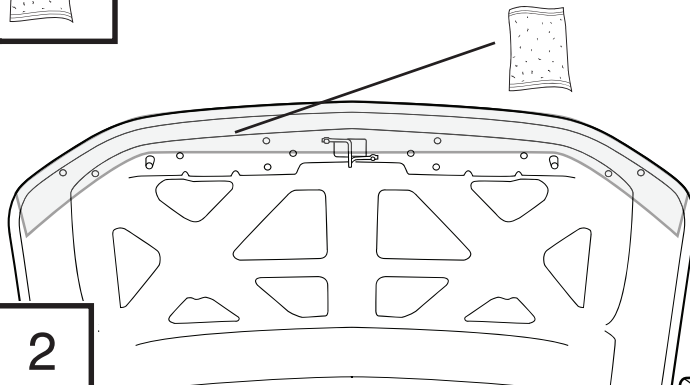

Raise Hood.

1

Clean the area around the leading edge of the hood with a clean cloth.

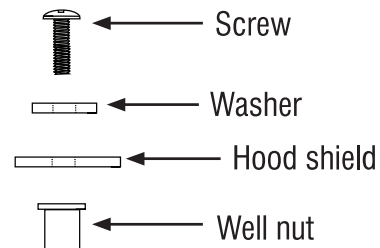

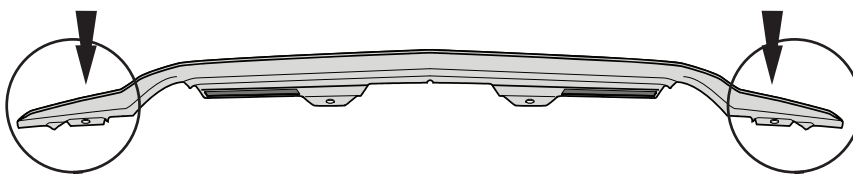

2

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

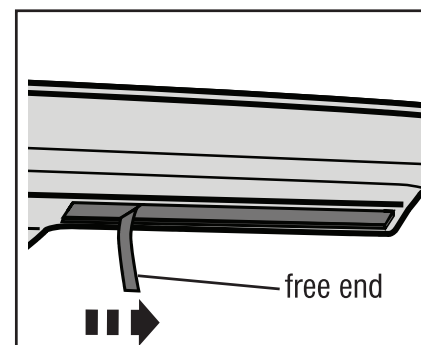

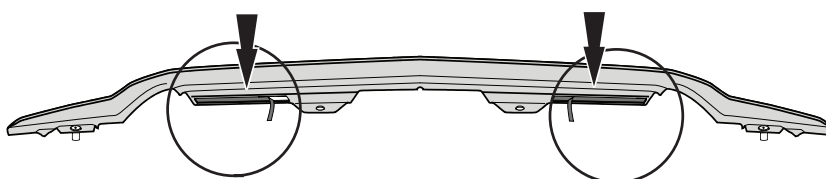

Attach fasteners to the (2) outboard hoodshield flanges by inserting screw with washer through the hood shield, and into well nut. **Partially** thread screw into well nut.

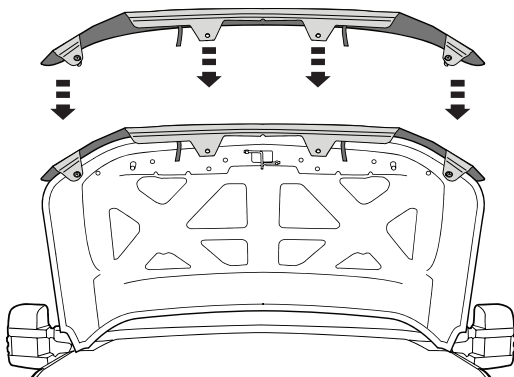

3

Expose 2" (5 cm) of tape liner from each end of the center flanges on the hood shield. Ensure that free ends are accessible.

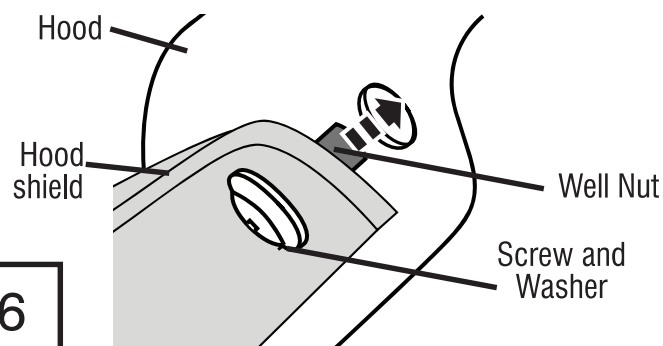

4

Center part on front edge of hood and align holes.

5

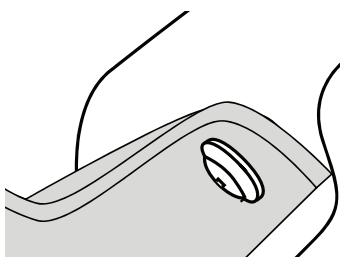

NOTE: Observe the alignment from the side view in order to guide the hood shield with its attached fastener into the proper hole in the hood.

6

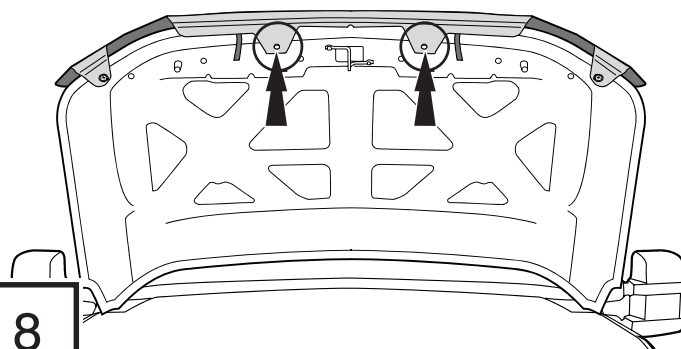

With the fastener assembly inserted into hole in hood, secure hood shield to hood by tightening screw to expand well nut. Repeat for remaining fastener.

7

NOTE: DO NOT OVER TIGHTEN

Note the (2) inboard hole locations.

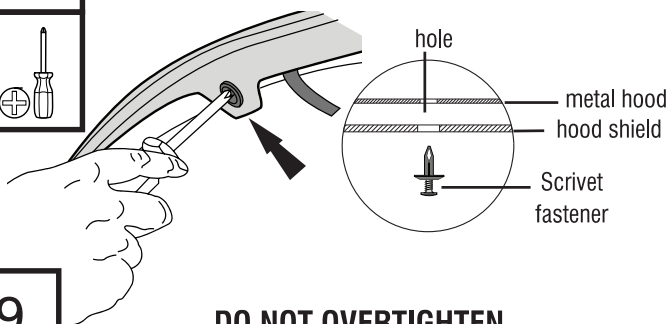

8

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

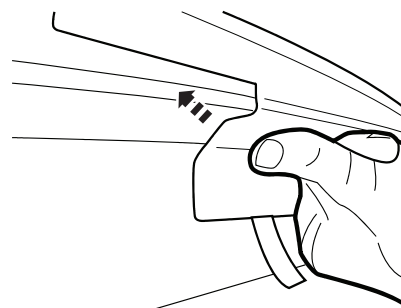

Install (2) Scrivet fasteners with phillips head screwdriver at the inboard holes.

9

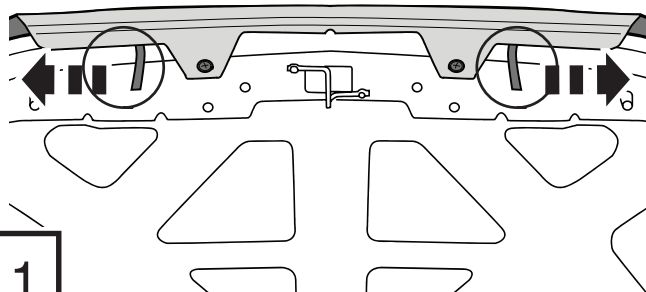

DO NOT OVERTIGHTEN.

Press and hold hood shield against underside lip (leading edge) of hood while peeling backing off tape.

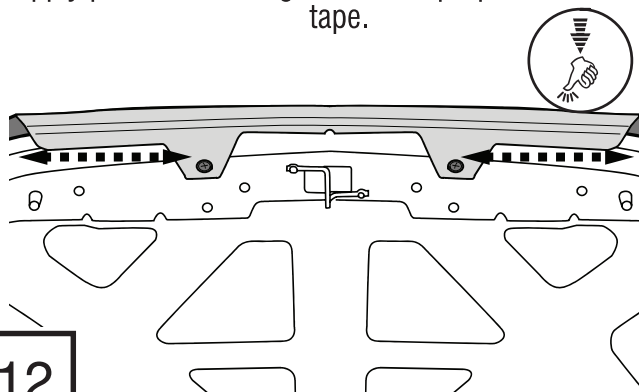

10

Remove remaining tape liner by pulling on the free ends.

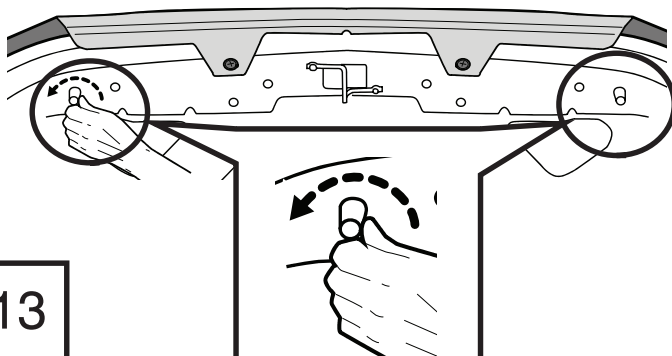

11

Apply pressure to flange to ensure proper adhesion of tape.

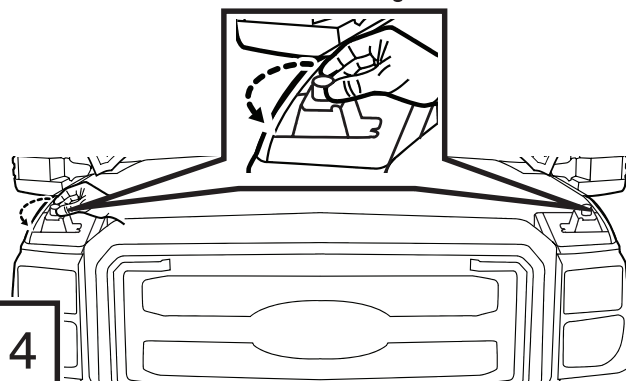

12

Turn out (counter clockwise) both hood bumpers as needed to clear grille.

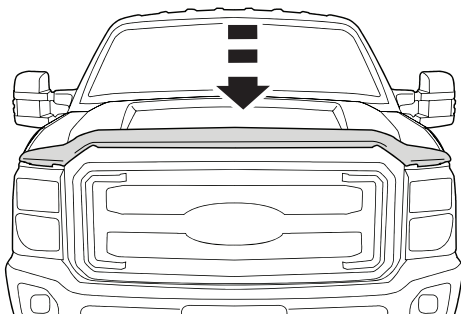

13

Turn out (counter clockwise) both fender bump stops as needed to clear grille.

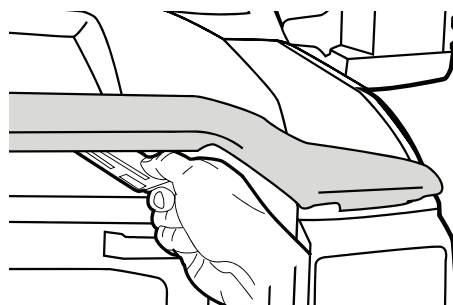

14

Close hood slowly.

15

Check hood clearance by sliding a credit card sized item between hood shield and grille. If necessary, open hood and repeat **Steps 13-15** until card can slide easily between hood shield and grille while hood is closed.

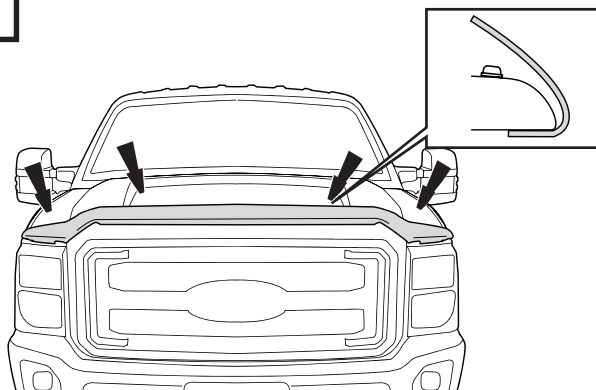

16

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

Apply (4) bump ons to hood surface.

17

Care and Cleaning

- Wash only with mild soap & dry with a clean cloth.

The material that your product is made from can be recycled. Please also consider recycling the packaging that your product came in.

Congratulations!

You have purchased one of the many quality Husky® branded products. We take the utmost pride in our products and want you to enjoy years of satisfaction from your investment. We have made every effort to ensure that your product is top quality in terms of fit, durability, finish and ease of installation.
