

# LED THIRD BRAKE LIGHT

(2015-2018 F-150)

(2017-2018 F-250 SUPER DUTY)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(1) Third Brake Light

### TOOLS REQUIRED

---

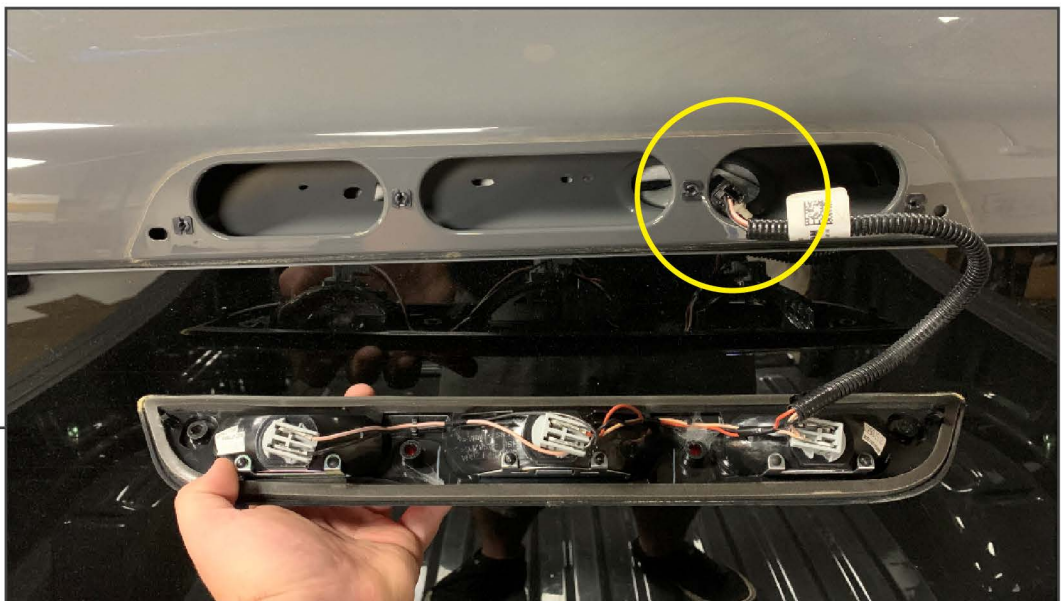

Flathead Screwdriver  
Plastic Pry Tool

SKU # T555340

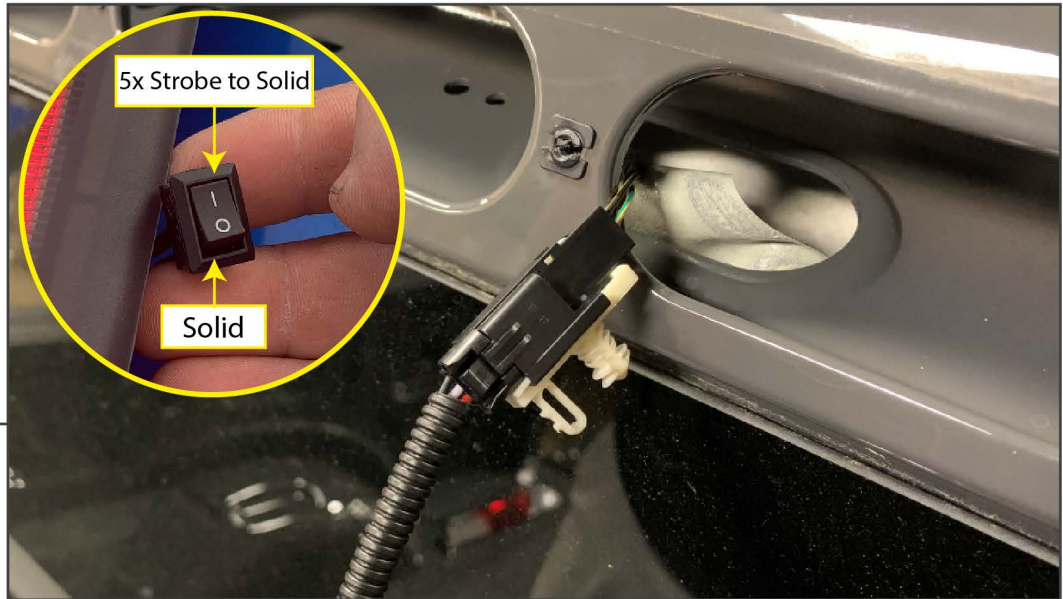

## STEP 1

Remove (4) flathead screws from the third brake light assembly.

## STEP 2

With the screws removed, remove the brake light from the vehicle using a plastic pry tool. Remove the electrical connector clipped to the vehicle and unplug the brake light from the vehicle harness.

## STEP 3

Plug in the brake light electrical connector into the vehicle's wiring harness. Toggle the switch to enable 5x strobe feature.

## STEP 4

Re-assemble the vehicle using the original hardware. Tighten until secure.

Installation is now complete.
