INSTALLATION INSTRUCTIONS

CONTENTS

(2) LED Bed Lights

TOOLS REQUIRED

Flathead Screwdriver

STEP 1

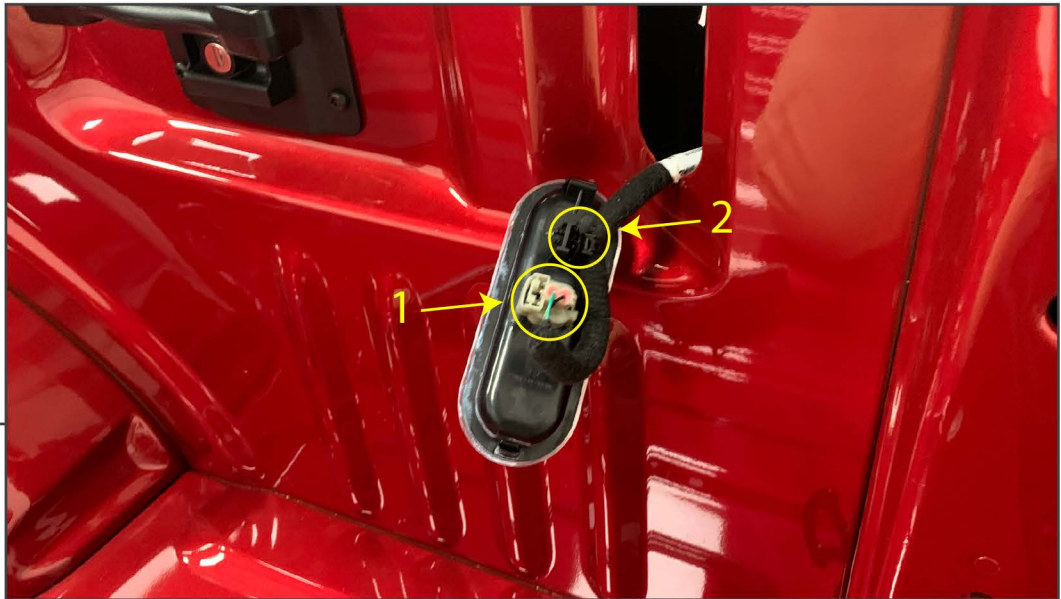

Using a flathead screwdriver, carefully lift the mounting tab on the bottom side of the bed light.

STEP 2

Pull the bottom of the light away from the bed, then hinge the lower portion down to gain access to the wiring.

STEP 3

Unplug the electrical connector from the light, then pull the harness push clip out of the light housing.

STEP 4

Install the new LED bed light following steps 1-3 in reverse order.

Installation is now complete.
