STEP 1

Clean the vehicle tailgate of any dirt or debris. Lower the tailgate, then drape the tailgate bike pad over the tailgate of the vehicle. Ensure the storage pockets are on the top of the tailgate, see photo.

STEP 2

Route the (4) attached front straps under the tailgate, and secure to the tailgate bike pad.

STEP 3

Ensure the bike pad alignment is correct on the tailgate, then tighten the straps to secure the tailgate bike pad into place. Use the (5) straps at the top of the tailgate to secure the bike to the vehicle.

STEP 4

Installation is now complete.
