Product Installation Instructions

Fits 2015-2017 Ford F150

STEP 1

Remove all the bolts and take off the plastic trim piece. Peel off the part surrounding the headlight and remove the three bolts. Same thing on the other side. Then pull up the original grille from the vehicle.

STEP 2

Put the new grille to the vehicle and align all the clips to the holes and clip them in.

STEP 3

Wiring light bar

Amer lights wiring: First connect each amber light to the wiring harness, then connect the red wire to the ACC, and the black wire to the negative of battery.
DRL wiring: The red wire connects to the ACC, the black wire connects to the negative of battery, the yellow wire connects to the turn signal.

STEP 4

Fix all the bolts and finish the installation of new grille.
