# MUD FLAPS

(UNIVERSAL)

---

## INSTALLATION INSTRUCTIONS

### CONTENTS

---

(4) Mud Flaps  
(12) Phillips Screws  
(2) Drill Templates

### TOOLS REQUIRED

---

Phillips Drill Bit  
Drill  
Marker  
Exterior Detailer  
Microfiber Cloth

SKU # T596673

**STEP 1**

Using the included template, determine the desired mud flap mounting location. Once determined, draw (4) evenly spaced mounting points for the screws on the template. Then, drill the drawn holes into the mud flap and the vehicle bed separately using a small drill bit.

**STEP 2**

Clean the vehicle around the mud flap mounting point using exterior detailer and a microfiber cloth. Secure the mud flap to the vehicle using the included (4) Phillips screws into the previously drilled holes.

Use the front / rear template for the opposite side of the vehicle, and repeat steps 1-2.

Installation is now complete.
