STEP 1

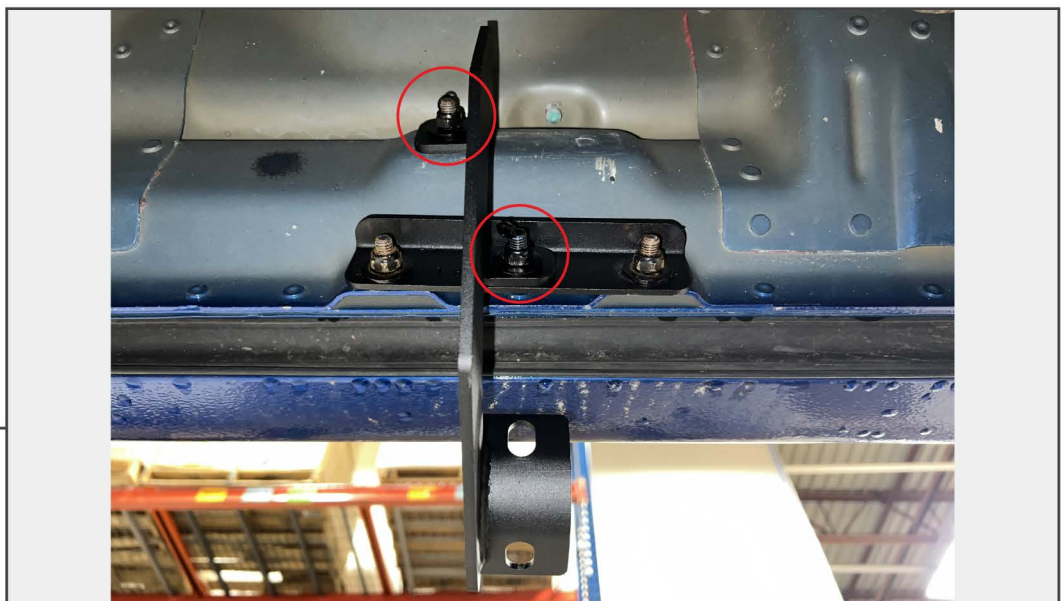

Identify the driver and passenger side outer mounting brackets using the stamped identifiers.

STEP 2

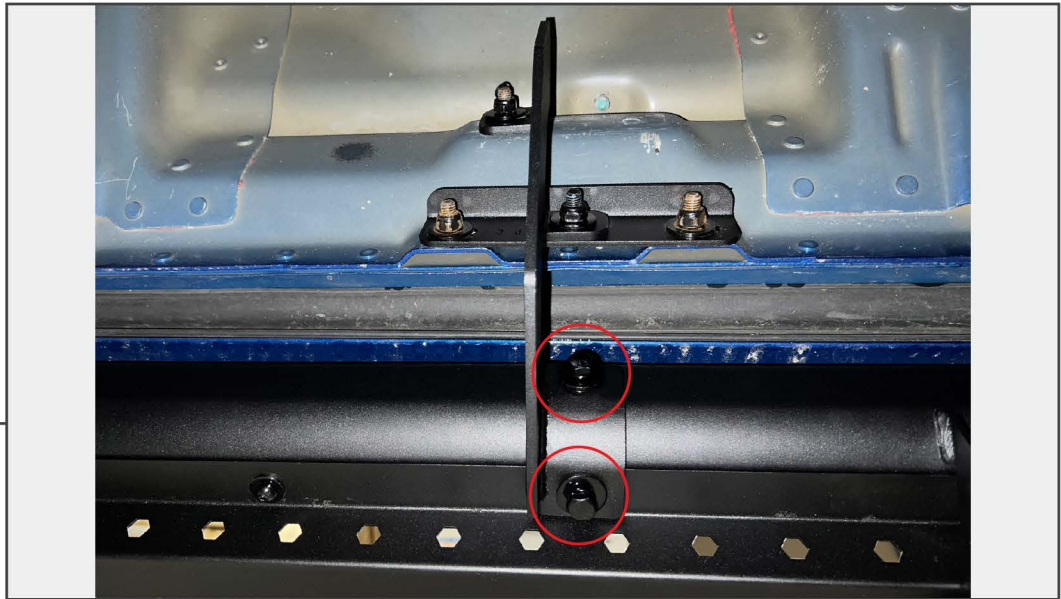

Identify the driver and passenger side stud brackets using the stamped identifiers.

**STEP 3**

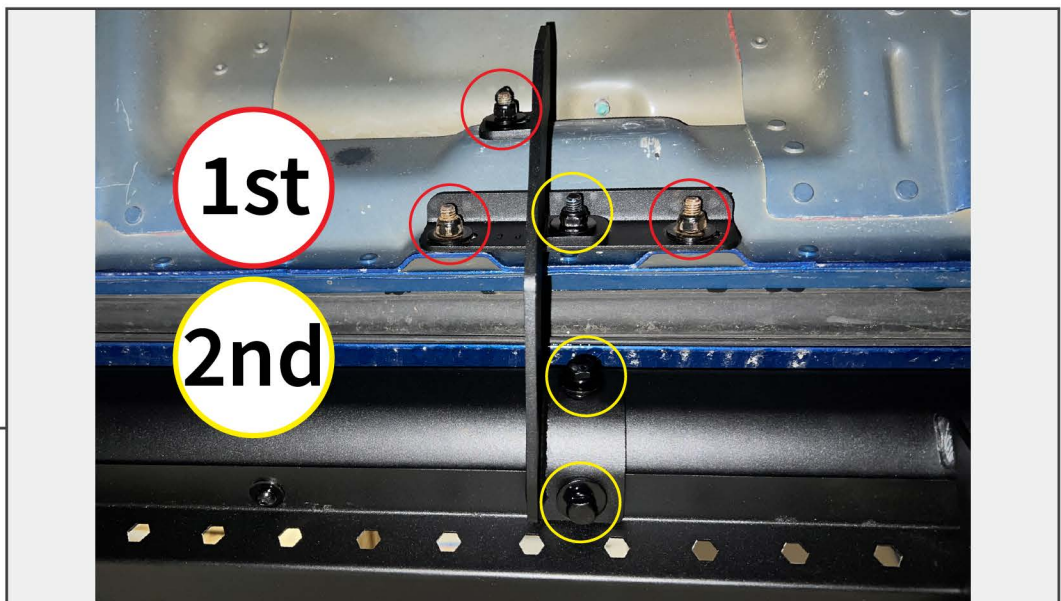

Loosely install the appropriate stud plates to the inner rocker panel studs using (2) M8 flat washers and (2) M8 lock nuts per stud plate.

**STEP 4**

Loosely install the appropriate outer mounting brackets to the inner rocker panel studs using (2) M8 flat washers and (2) M8 lock nuts per mounting bracket plate.

STEP 5

With a helper, lift the running board to the mounting brackets. Adjust, then loosely secure the running board to the brackets using (6) M8 combo bolts.

STEP 6

Once adjusted, tighten all running board mounting hardware using the diagram above.

STEP 7

Repeat steps 1-6 for the remaining side step.

Installation is now complete.
